Instrumental Lessons

in partnership with Woodhouse Academy

Dear Parent / Guardian,

Today pupils experienced an assembly where musicians performed music from the BBC Ten Pieces project and demonstrated a range of instruments. As a result there was considerable interest from pupils wanting to have instrumental lessons.

Music for Life, a unique not-for-profit music education organisation, is offering, subject to availability, a course of 28 lessons (for the remainder of this school year - starting after October half term). Pupils will be taught for 20 minutes per week.

Cost & Details

- Thanks to a school subsidy, shared lessons cost about £15 & one-to-one lessons cost about £27 per month
NOTE: piano & drum lessons must be one-to-one lessons
- Instruments are available to buy VAT free through Dawson's Assisted Instrument Purchase Scheme
 - for example, a brand new violin can cost from as little as £85
- Additional support with cost of tuition may be available in cases of financial hardship - please ask for details

Lessons are available on:
