

Friday 7th June

It's been a busy first week back!

The Monday inset day enabled middle leaders and departments to set plans in place for next year. As part of the Mental Health Trailblazer pilot, we met two of the practitioners who will be working with Woodhouse and helping us to further develop awareness and support around mental health. I know that parents and staff have had ongoing concerns about the security of our site and we have bid for funding to increase security for the last 3 years. So I'm very pleased to say that we have finally been awarded money to put in security fencing and entrances and this will be completed over the summer.

Year 7 and 8 had their first Athletics meet last night and performed really well. We have some excellent athletes and Mrs Bowers says they are shaping up for great results.

Thank you for organising PE kit, musical instruments, dance costumes etc. for Thursday's photo session; we were so disappointed when the photographer failed to arrive! It was a mistake on Tempests's part that has never happened before but we have just confirmed that they will now be with us on Thursday 20th June.

Transition work is continuing well - the High School Art and Design teacher led a Y8 assembly this morning about career opportunities in the subject - and introducing their fascinating transition project which is based around the topic of cells.

Year 6 are off to Standon Bowers next week and we wish them all a wonderful time. I shall be joining them for the first three days.

I hope you have a good weekend.

Monday	Y6 to Standon Bowers – all week 7c to the Town Hall 1.0 Music ensemble – chamber group 1.10 Y5 & 6 rounders 3.35 table tennis – invite
