## How Does Dickens Present the Signalman In the extract?

## Success Criteria

- Identify a quotation that answers the question.
- Explain how the quotation answers the question.
- Explore another meaning of the quotation.
- Link either one of your ideas (explain or explore) with another quotation or idea in the text.

## Example

Dickens presents the signalman as vigilant when he says 'exactness and watchfulness were what was required of him'. This makes it sound like his job required a lot of concentration. It also makes it sound like he needs to be very alert and a perfectionist because of the noun 'exactness'. This is also shown when he has a conversation using 'well-chosen words' as if he is very precise in all he does.
