

Dear Parent/Carer

Re: Year 8 Trips to Wales and Italy

We are writing to provide you with information on the year 8 trips to Wales and Italy that will both be offered this academic year. We hope that these details will support you in making an informed decision.

You will already have received information about the trip to Wales which is led by Dr Kelly. This trip will take place from 13th-17th March 2023. The cost is £290 but you may need to consider any additional costs for items such as clothing for your child.

More detailed information will be sent regarding the Italy trip in due course. This is a nine day visit in May 2023 led by Miss Greatbatch. The cost of previous trips to Italy was approximately £625, however, please be aware that this figure is likely to increase due to inflation and the rising cost of living. It is also important to note that securing a place on this trip is a highly competitive process and students must commit to attending an Italian club once a week to learn basic phrases in the language.

Please contact Dr Kelly or Miss Greatbatch via the school office if you have questions relating to a specific trip.

Yours sincerely,

Miss E Greatbatch and Dr P Kelly
